GOOD TIME AND CLOSE FINISHES AT THE NASHVILLE MEET.

Chairman Albert Mott Rules That Class Lines Will Be Strictly Drawn in Road Racing-Amateurs Who Take Part in Such Events with Professionals Will He Penalized.

NASHVILLE, April 6.-Nashville's first meet of the season, the second meet on the Southern Circuit of volizeums, opened with marked success last night, and 2,500 persons attended the races. Only two professional events were run and one amateur. The fin sheet were close and the times very good for unpaced races. Five men lined up for the one-mile professional: Walthour on the pole, Repine, Con Baker, Steenson, and Weinig on the outside. The first half was a loaf, as the men were not willing to go up and pace, but a ti ne limit had been set of 2:30 on the race, and if under would have to be run over. Steenson made a jump on the half, with Baker on his rear wheel. Walthour was last man in the line. On the sixth lap Bert Repine, who had been in third place. came up to the front. At the bell Repine pulled away from the field several lengths, but Steenson soon closed the gap. Weinig came up to

Seven men started in the invitation race. Ell Winzett and Starbuck, who had wen nothing in the open, warked and in this race. Vingett, in third place, was not keted at the beliand could not get out. Waithout came up from the rear and won the race in a grand failst from Con Biker by three inches. C. Jack was twird. Starbuck was fith. The time was 2110. Earl Kiser did not rise owing to his having a fail to the moraing, and on account of the insufficient backing of the track.

A purse of \$1.00 will be divided a the end of the session among six men who have won the most money. The six in the Irsa now are Steenson, \$100; Repline, \$75; Waithour, \$37.30; Weinig, \$50; Jack, \$55, and Con Baker, \$35.

The membership of the L. A. W. has received The membership of the L. A. W. has received a slight increase this week. Secretary liasset's report shows that 1,359 members have been enrolled during this week, making the total membership 60,029. The returns and standing membership of the leading divisions are as follows: New York 279, total 19,809. Massachusetts 195, total 8,703; Pennsylvania 397, total 11,091; New Jersey 100, total 4,499; Ohio 36, total 1,933; Illinois 36, total 2,000; Indiana 5, total 829; Missouri 10, total 1,683; Connecticul 38, total 1,275.

The annual meeting of the Brooklyn Bicycle Club will be held on April 13, when new officers will be elected. The members who have, ridden over 1,000 miles during the past season will be presented with mileage medals. The Road Committee has compiled the following records to date:

Baltimore, April 6.—Chairman Albert Mott of the Racing Board of the L. A. W. to-day made a ruling that will create a stir among wheelmen everywhere. Hetefore road racing has been under the auspices of the Century Road Club, and all classes of riders were permitted to participate in them. Hereafter the class lines will be strictly drawn in such events, and amateurs who enter such races with professionals will incur the usual penalties.

The ruling was in a projected road race of the Clifton Cycle Club of this city on Easter Monday. Among the entries was one man who had been suspended for two years by the L. A. W., six professionals, and a score of amateurs. Mr. Mott wrote the promoters that the suspended man and the professionals would have to be excluded or the amateurs would be placed in the professional class. The race will probably be called off.

The Chairman declares that this ruling will prevail in all cases and will result in dividing this class of racing into professional and amateur events.

BARNIE IS ENCOURAGED. Writes About the Brooklyns-Byrne Talks o

President Byrne of the Brooklyn Baseball Club nnounced yesterday that owing to the hitch in the negotiations for new grounds, the opening championship game on May 3 with the champion

Baltimores will be played at Eastern Park. While Mr. Byrne refused to give any further particulars, it was learned that the question of rent for the new park has been amicably settled, and the only obstacle in the way of signing a ten

rent for the new park has been amicably settled, and the only obstacle in the way of signing a ten years' lease is the unwillingness of one of the Brooklyn trolley roads to hiep defray part of the expense to be incurred by the building of stands and fences. As the Brooklyn Club is expected to smooth over these difficulties, the cranks believe that the new grounds will be formally opened on May 31, which will be celebrated as Decoration Day.

Manager Harnie sends a daily letter to Byrne regarding the work of the players in the South. He is enthusiastic over the ir energy, and hopes for good results. Second baseman Canavan left for Charlotte on Monday, and catcher Burvell will join the team to-morrow. In a letter received by Byrne yesterday Barnie wrote:

"The men have had plenty of hard work, and are rounding to nicely. The thermometer has averaged about 50 degrees since our arrival, and we have lost very little time because of bad weather. If our pitchers come up to the mark, the Brooklyns will surprise the public. Korwan, the pitcher secured from the New England League, is a most promising man. He is in the best shape innightable, and has shown surprising ability. Payne, the left-hander, is rapidly getting into form, and Daub is nt now to pitch in achamplonship game. Kennedy has not done much hard work yet, but he says that he will do his best later on. Dunn, from Toronto, bits fair to be a valuable acquisition, but Fisher, the ex-Cincinnati man, is laid up, having been hit over the heart with a pitched ball last week. The catchers are all right, although I cannot pass an opinion on McCauley just yet. George Smith is in superb condition and is putting plenty of life into the infield. I have made Griffin temporary captain, and he is working diffigently to get the men in shape. Jones and Anderson are playing great ball."

Ex-Manager Mutrie's Benefit.

There is widespread interest in the benefit to be tendered to Jim Mutric, the ex-manager of the New York Baseball Club, to be held at the Academy of Music next Sunday night. Jim has received a large number of letters from friends and admirers wishing him success, and he feels that the cranks have not forgotten him.

Pat Powers, who is managing the benefit, received letters inclosing subscriptions yesterday ceived letters inclosing subscriptions yesterday from N. E. Young, President of the League; A. G. Spalding, and William Barnie. The last named also wrote that the Brooklyn players would all subscribe to the fund. Powers also received word that the entire National Board—the supreme baseball court—including C. H. Byrne, A. H. Soden, John T. Brush, N. E. Young, James A. Hart, and Frank DeH. Robison, would attend the benefit.

As an illustration of Mutrie's popularity, it can be said that when his benefit was announced at the various boxing clubs last Saturday night, there was great enthusiasm. Mutrie may decide to make a short speech on Sunday night in response to the generosity of his friends, who hope that he will wind it up with that never-to-be-forgotton slogan, "We are the People!"

New York Regulars Defeated.

LAKEWOOD, April 6 .- After a couple of days of rest from practice on the diamond the Regulars and Colts of the New York ball team met this afternoon in their usual contest, and so well did the youngsters hustle that they captured the victory after a close finish, in which big Mike Sullivan's pitching did important service. The ex-Boston lawyer was in fine form, and with almost perfect support from the Colts held the Regulars down to four runs, one of which was made on a wild throw to first. When Stafford came to bat in the ninth inning Davis was on third, two men were out, and a run was needed to the the score. The Regulars tried their best to excite Sullivan, but he made them hit it out, Wilson gathering the fiy.

Souders was the opposing twirler, and did very effective service. He has made a marked impression on each of his appearances in the box, and with a little more training should prove of valuable assistance. Gleason was on the sick list, and he was sadly missed at second, Dad Clarke trying to fill the position. The make-up of the teams was: did the youngsters hustle that they captured

DURHAM, N. C., April 6.—The Brooklyn team won an easy victory in its game with the Trinity team here to-day. Score: Brooklyn, 15; Trinity, 2.

John C. Chapman, the veteran baseball manager who will handle the Meriden club in the Connect out State League this year, is enthusiastic over the outlook. Chapman is satisfied with his new perth. although his many friends believe that he should have been engaged by one of the National League clubs. In conversation with a BUN reporter yester-day he said:
"The Connecticut League is composed of six clubs, including Heriden, Bridgepers, Derby, Waterbury,

Bristol, and Torrington. Jerry Benny, the former third baseman of Providence, Indianapolis, and New York, is the manager of the Derby Club, and Orator Jim' O'Rourke is the owner of the Bridge-port club. Stursis Waltlock, a member of the Bridge-port club. Stursis Waltlock, a member of the State Legislature, is the President of the league. I am anxious to secure some young players, and believe that the league will be a success, as the clitical state located so close together that a club can reach home every night after playing a game in another city."

BAT EARS THE TYPE.

The French Bulldog Club Organizes and Se De

Almost every season there is some sort of ex citement at the Dog Show, and this year was no exception to the rule, for the judging of the French bulldogs and the awarding of all of the prizes to the rose-eared type created little shor of a panic among the exhibitors. The affair created a sensation among the lovers of this par ticular breed at the time, and the ques tion still calls forth heated arguments on Fifth avenue and the Champs Elysées whenever owners of dogs of the rival types meet. So far as New York goes, the question was set tied at Delmonico's on Monday night by the per manent organization of a French bulldog club, which not only elected officers, but decided on a standard, which declares the bat or tulip ear dog the only type, and hereafter, in this country at least, all rose-eared dogs will be disqualified. The club started with twenty-one members, including such well-known clubmen, sportsmen, and amateur fanciers as Walter W. Watrous, Lloyd Phoenix, R. H. Hunt, G. N. Phelps, J. R. Huchan, Blakely Hall, J. L. Kernochan, G. Lorillard Ronalds, Jr., Fred Hoey, Peter Cooper Hewitt, Albert Beadleston, Howard C. Whitlock, Smith Hadden, Whitney Warren, E. D. Faulkner, and others.

A permanent organization was effected by the election of the following: President, Walter W. Watrous, Yice-President, G. N. Phelps; Treasurer, R. H. Hunt; Secretary, J. R. Buchan; Executive Committee, Blakely Hall, J. L. Kernochan, R. H. Hunt, G. L. Honaids, Jr., G. N. Phelps, J. R. Buchan, and the President exofficio. standard which declares the bat or tulip car

Pheips, J. R. Buchan, and the President exofficio.

A constitution and by-laws were adopted, and
the club decided to make its own standard for
judging the breed. Secretary Buchan, in speaking of the standard question, said:

"The Englishmen who judged at the last Kennel Club show in the Madison Square Garden refused to recognize the claims of the French bulldogs and judged them by the English bulldog
standard. Our investigation proves that the
origin of the dog is Spanish, not English." Mr.
Buchan said further that there were four firstprize winners at Paris shows now owned in New
York, and that they were all of the bat-eared
type.

The club, after some discussion, adopted the following standard: following standard:

The French buildog should have the appearance of an active, intelligent, muscular dog, smooth coated, compactly built, and of small stature.

The size of matured dogs to be 22 pounds, and that of mature bitches 20 pounds.

The ears, as shall hereinafter be known as the bat ears, shall be large in size, being broad at the base, well elongated, with rounded tops. They should be set high in the head, but not too close together, and carried creek, with the orfice plainly visible from the front.

Dock talls werelisted.

Front.

Dock talls, mutilated ears, and other than but ears shall be disqualified.

Shall be disqualined.

Outside of the fact that both American and French experts agree that the bat-eared dog is the only true type it seems that Englishmen are not all agreed as to what the standard should be, for the English Stockkeeper, one of the lead-

thing to Jo incre in a fistic war.

Florrie Barnett sends word to The Sux that he would like to match Billy Whistier of Philadelphia against Solly Smith or Billy O'Donnell of Memphis, at 12% pounds, weigh in at 8 o'clock. Whistier is willing to fight Smith twenty or twenty five rounds. Salt Lake, April 6.—Tom Sharkey and Jim Williams, champion of Utab, fought eight rounds before 1,500 persons at the Sait Lake A. C. last night. There was no decision, but the saitor has all the better of it. Lynch, Sharkey's manager, soncunced that he would back Williams for \$5,000 against any 154-pound man in the world, Creedon preferred. be, for the English Stockkeeper, one of the leading authorities on breeding, says:

"The Pail Mail Gazette, in commenting on the French buildogs exhibited at the recent kennel show in New York, says: These nondescripts had bat-shaped ears. Mr. Haper, an Englishman, was judge, and be refused to recognize the bat-eared specimens. His refusal resulted in the formation of a French buildog club, which will doubtless invent a new variety of buildog, also a new brand of judges. The Stockkeeper comments as follows: "Was the carriage of the ears the only reason? The ancestors of our modern buildogs had the same shape and carriage of ear as that which Mr. Raper is alleged to have treated so contuminously." Dan Creedon says that in the future he will not go out of his class and fight heavy weights unless he really thinks he can win by giving away weight. Creedon wants to win the middle-weight champion-hip, and believes that the only into he has to continue to the continue of Fitzalmmons, to gain it is fill McCoy, Creedon is anxiously awaiting the arrival of McCoy from the other side. acception of the fifth round Ziegler clearly out boxed.

Jr., will strive for the individual title in the B. A. A. court on Thursday. Fearing defeated B. S. de Germendia of the New York Recquet and Tennis Club at the B. A. A. this morning in the second match of the series, three sets to one, by a score of 5-6, 6-4, 6-2, 6-1.

Two years ago these same players met in the finals for the championship in the B. A. A. court and gave one of the best exhibitions of the game ever seen in Boston among amateurs. To-day De Garmendia was handicapped by a lame knee, and Fearing was not up to his form of two years ago, yet the New Yorker played with that confidence and judgment that even when the sets stood 2-1 in Fearing's favor there was still a feeling among the spectators that De Garmendia was still a very dangerous man. Fearing continually passed his opponent by superior playing. De Garmendia not taking any chances with his knee, so that at times his game had the appearance of indifference. This was very evident near the close of the match, when he gave up all idea of exerting himself to win. Fearing set a pace that was much too fast for his opponent after the middle of the second set, and his great reach and untiring activity counted materially in his favor.

winner of the America's Cup, is again to be placed in commission, and will be seen at several of the important yachtling regattas this season. The yacht was owned by the late Gen. Butler, and was laid up just a short time after his death. She is now owned by the Butler heirs. The order to place the boat in commission came from Paul Butler, Butler Ames of Lowell, a son-in-law of the late owner, and Oakes Ames. She will be used by all three during the season.

This morning men were put to work under the direction of Capt. William Canning, who has been with the boat for the past sixteen years, to remove the covering over her deck. The yacht was found to be in splendid condition. Her rig will not be changed. She will receive a thorough overhauling, and will be painted white as in previous years. It is understood that it is the intention of the owners to have the yacht at the rowing race between Harvard, Yale, and Cornell: the Eastern Yacht Club regatta, and the New York Yacht Club cruse.

ONE OF TWO WAYS.

The bladder was created for one purpose namely, a receptacle for the urine, and as such it is not liable to any form of disease except the one of two ways. The first way is from imperfect action of the kidneys. The second way if from careless local treatment of other disease. CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles and suffering so painful to many that life is made misorable. The womb, like the bladder, was created for one purpose, and if left alone it is not liable to become diseased, except in rare cases. When in position the womb is situated back of and very close to the bladder, and for that reason any distress, disease, or inconvenience manifested in the kidneys, back, bladder, or urinary passage is often by mistake attributed to female weakness or womb trouble of some sort. The error is easily made, and may be as easily avoided by paying a little attention to the condition of the urine (see pamphlet). The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney, liver, and bladder remedy, is soon realized. It stands the highest for its wonderful cures. If you need a medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention The Sun, and send your address to Dr. Kilmer's Co., Binghamton, M. Y.

The New York Women's Leagus tournament, held under the auspices of the United Bowling Clubs, which has been in pregress since Jan. 26, terminated yesterday arternoon. In order not to prolong the competition ten teams took part in the closing installment of games. The Sunda Night and Wall kueren Mo. 2 players, who held a low position, managed to score enough pins to earn one of the leaser prizes. There was contiderable excitement when Mr.s Smith of the Jolly Women tallied 98, and passed Mrs. Barnett for the leading total pins prize, but after Mrs. Krickbaum scored 9w and advanced to the top, themembers of the two Ladies' Reform teams hugged the fortunate bowler. The six leaders for this four prizes are as follows: Mrs. Krickbaum, Ladies' Reform No. 1, 464; Mrs. J. Smith. Jolly Women, 482; Mrs. Harnett, Unter Uns No. 1, 459; Mrs. M. Schmidt, Friendship, 437; Mrs. Falken, Jolly Women, 486; Mrs. Laussen, Olenader No. 1, 431. As Mrs. J. Smith and Mrs. M. mental games on last Saturday night, seems to have been entitled to even more credit than he received. According to the official programme, his handicap allowances were eleven feet in the 75-yard run, aine yards in the 220-yard run, and five inches in the running high jump. Fortunately for Handicapper Thornton, other competitors in the events named discovered in time that Wenman was no other than the noted flyer from Berkeley School, who has been cutting such wide swaths at interscholastic handicaps and championships.

Protests were quietly filed, and Thornton wiped out all young Wenmah's handicaps, bringing him back to scratch in each event. What the Berkeley boy would have done on the original basis may be imagined from a glance over the summaries, in which he is credited with second place in the 75-yard dash to George Sands, a metropolitan ex-champion, and first place in the high jump, in which he ited the army record established by F. M. Edwards, also an ex-champion. The handicapper's corrections were not publicly announced, and it is only fair to Wenman to set the matter straight now.

The handball match for \$100 a side between Wiltions Carney and Patrick Quinn, both of Chicago. proves to be an easy victory for Carney. The contest was the best of thirteen games, played at Kennedy and Capt, Hanton's courss. Carney won the first six exmes at Kennedy's quite handlily, and on last Sunday at Hanton's he ended the suspense by winning the first game by a score of 21 to 3. Quinn is a Carlow boy, and his first appearance in tois country as a player was at the Brooklyn Handball Club's court. He soon mastered the American yame, and when he left for Chicago some four years ago, few men in this vicinity could defeat him. In the match with Carney be appears to have been outclassed. Ham Carney and Patrick Quinn, both of Chicago Maybury taken by the parent body, James H.
Maybury forwarded applications for reinstatement to President R. E. Fishburn, Central Association A. A. U., and the latter official restored all the penitent athletes to good standing. He yesterday notified Secretary James E. Sullivan to this effect, and there was quiet rejoicing at A. A. U. headquarters. President Fishburn added:

"I trust you will endeavor to hold."

"I trust you will endeavor to hold a meeting of the Board of Governors at Chicago during the forthcoming military and athletic carnival to be held under the auspices of the Central Asso-faction." BE AS attractive as you can. If you have pimples, wrinkles, superflous hair, or any similar aliment, see J. H. Woodbury, 187 W. 42d at., N. Y. Usas Facial Soap. It is pure. Send 10c, for Beauty Book and sample of either Facial Soap or Facial Cream. be held under the auspices of the Central Asso-ciation."

The desired meeting will probably be called, as a gathering of the national legislators at that city should act as a fillip to athletics after the newly established peace.
